

**Plain Language Summary for New Source Review (NSR) Amendment
Application for Air New Source Review Permit Number 176923**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Beton Concrete LLC CN606249373 has submitted an application for and amendment to permit number 176923. The Beton Concrete Plant (RN112010731) will produce/manufacture Ready Mix Concrete at 970 Texas Highway 37 S, Mt Vernon, Franklin County.

This amendment will authorize Mineral Filler to be used to lessen the amount of cement needed to produce Ready Mix Concrete also allowing less of a Carbon Footprint. *Beton Concrete LLC* has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Permitted Emissions (tons per year)	Emissions Added/Removed (tons per year)	Total Proposed Emissions (tons per year)
Mineral Filler, Cement, Fly Ash, and other related dusts (Particulate Matter)	.21	-.07	.85

The new and/or modified facilities will be controlled by *Hagan Model VH-245JP Central Dust Collection System*.
