

Plain Language Summary for New Source Review (NSR) Renewal Application for Air New Source Review Permit Number 74573

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Forterra Pipe & Precast LLC (CN600474654) has submitted an application for renewal of permit number 74573. The Forterra Pipe & Precast San Antonio plant (RN101993095) manufactures concrete products at 402 North W. W. White Road, San Antonio, Bexar County.

This renewal will authorize the continued operation of the concrete products plant. Forterra Pipe & Precast LLC has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
Particulate Matter	2.82
Particulate Matter with diameter smaller than 2.5 microns	0.39
Particulate Matter with diameter smaller than 10 microns	1.07
Carbon Monoxide	1.89
Nitrogen Oxides	2.25
Sulphur Dioxide	0.01
VOCs	5.94

The facilities being renewed continue to be controlled by fabric filter baghouses, venting to a central filtered baghouse, enclosure of mixing activities in a building, watering of unpaved roads, stockpile watering, and the use of pipeline quality natural gas.
