

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 156862**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Estrada Concrete Company, LLC (CN606200376) has submitted an application to amend Air Quality Standard Permit Registration Number 156862, which currently authorizes a concrete batch plant facility (RN110772282) located at 3396 Parks School House Road Waxahachie, Ellis County, Texas 75165.

This amendment will authorize additional equipment at the subject facility consisting of additional cement/fly ash storage silos, a second concrete batch plant, as well as an increase to the facility's permitted hours of operation, with the facility having a maximum site-wide production rate of 300 cubic yards per hour of concrete and an operational schedule of up to 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and fly ash. Roads and traffic areas will be controlled by watering them and paving them to control dust. Dust from stockpiles will be minimized by watering them. Enclosures and dust collectors, including central dust collectors, will be used to control cement and fly ash dust at the facility.
