

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 80354**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Rogers Group, Inc. (CN605541861) has submitted an application for renewal of permit number 80354. The West Amarillo Sand & Gravel (RN104356597) produces/manufactures sand and gravel at 7501 US Highway 385, Vega, Oldham County.

This renewal will authorize the continued operation of mining of sand & gravel and processing extracted materials through crushing, screening, and conveying plant. Rogers Group, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (Tons Per Year)
PM	15.96
PM10	6.37

The facilities being renewed continue to be controlled by wet suppression applied to the plant.
