

Plain Language Summary for Renewal of Concrete Batch Plant Permit

Application for Concrete Batch Plant Permit Number 124002

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Jobe Materials, L.P. (CN602822363) has submitted an application to renew the concrete batch plants authorized under New Source Review Permit No. 124002. The concrete batch plants (RN104585674) are located at 13251 Pellicano Dr., El Paso, El Paso County.

This registration will authorize the concrete batch plants to have a maximum production rate of 600 cubic yards per hour of concrete and operate up to 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
