

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 182801

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Croell, Inc. (CN605948314) has submitted an application for initial permit number 182801. The Stinnett Quarry (RN111240974) will produce/manufacture processed aggregate material at 11065 Farm-to-Market Road 687, Stinnett, Hutchinson County.

This permit will authorize construction of a standard screening and crushing operation where excavated non-metallic rock is processed. Croell, Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
PM	1.16
PM10	0.54
PM2.5	0.08
NOx	0.78
SOx	1.05
CO	0.32

The new facilities will be controlled by watering dry material in stockpiles, as a pre-screen and pre-crush measure, as well as on non-paved roadways to minimize migration of emissions; permitted industry-standard emission control technologies are utilized on the diesel generator.
